Mr. Joe Spitz  
Liberty Packaging Co., Inc.  
22 Raleigh Road  
Braintree, MA 02184

Dear Mr. Spitz:

TACOM-ARDEC Packaging and Engineering Division, Picatinny Arsenal, New Jersey, has conducted tests on Static Intercept Barrier Material (4 mil, 6 mil, and Foil) using MIL-PRF-131J performance specification (Barrier Materials, Water vapor-proof, Greaseproof, Flexible, Heatsealable) as a guideline.

Based on test results it is anticipated that above material may be used in specific packaging applications. Currently further specific tests are being planned with Intercept material for applications in military packaging.

The project was funded by the TACOM-ARDEC Logistics R & D Activity.

The point of contact for this action is the undersigned. I may be reached at (973) 724-4993.

A handwritten signature in black ink, appearing to read "Fred Schuhmann".

Fred Schuhmann  
General Engineer
